iPad Labeling

Hello all,

You might have noticed that the labels on the iPad cases don't match with the lock screen's name nor the general information iPad name. To view the iPad name, go to setting>general>about.

To fix this problem, I need your help (or 2 classroom helpers can help you)

- 1- Take a permanent marker and color over top of the wrong name on the case or wipe off the name with a Magic Eraser.
- 2- Write on the correct iPad name with a sharpie on the back of the case.

OR....

- 1 - Take a permanent marker and color over top of the wrong name on the case or wipe off the name with a Magic Eraser.
2. - Use the sticker labels (already made) located in my mailbox to relabel your iPads correctly.

If you run into any problem, don't hesitate to ask to me. This was the most efficient solution that I could find labeling 3 schools worth of iPads.

Thank you for your help. You guys rock!
